§ 700.3 Applicability

Uniform administrative requirements and cost principles ([Subparts A through E of 2 CFR 200](#) as supplemented by this part) apply to for-profit entities.

§ 700.4 Exceptions

(a) Consistent with [2 CFR 200.102](#)(b):

(1) Exceptions on a case-by-case basis for individual non-Federal entities may be authorized by USAID's Deputy Assistant Administrator, Bureau for Management, or designee, except where

otherwise required by law or where OMB or other approval is expressly required by this Part. No case-by-case exceptions may be granted to the provisions of [Subpart F](#)—Audit Requirements of this Part.

(2) USAID's Deputy Assistant Administrator, Bureau for Management, or designee is also authorized to approve exceptions, on a class or an individual case basis, to USAID program specific assistance regulations other than those which implement statutory and executive order requirements.

(3) The Federal awarding agency may apply more restrictive requirements to a class of Federal awards or non-Federal entities when approved by OMB, required by Federal statutes or regulations except for the requirements in Subpart F—Audit Requirements of this part. A Federal awarding agency may apply less restrictive requirements when making awards at or below the simplified acquisition threshold, or when making fixed amount awards as defined in [Subpart A](#)—Acronyms and Definitions of this part, except for those requirements imposed by statute or in Subpart F—Audit Requirements of this part.

§ 700.8 Payment

(a) Use of resources before requesting advance payments. To the extent available, the non-Federal entity must disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments. This paragraph is not applicable to such earnings which are generated as foreign currencies.

(b) Standards governing the use of banks and other institutions as depositories of advance payments under Federal awards are as follows:

(1) Except for situations described in paragraph (2) of this section, USAID does not require separate depository accounts for funds provided to a non-Federal entity or establish any

eligibility requirements for depositories for funds provided to the non-Federal entity. However, the non-Federal entity must be able to account for receipt, obligation and expenditure of funds.

(2) Advance payments of Federal funds must be deposited and maintained in insured accounts whenever possible.

§ 700.9 Property Standards

(a) Real Property. Unless the agreement provides otherwise, title to real property will vest in accordance with [2 CFR 200.311](#).

(b) Equipment. Unless the agreement provides otherwise, title to equipment will vest in accordance with [2 CFR 200.313](#).

§ 700.12 Contract provisions

(a) The non-Federal entity's contracts must contain the applicable provisions described in [Appendix II to Part 200](#) – Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

(b) All negotiated contracts (except those for less than the simplified acquisition threshold) awarded by the non-Federal entity must include a provision to the effect that the non-Federal Entity, USAID, the Comptroller General of the United States, or any of their duly authorized representatives, must have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

Corporation for National and Community Service

§ 2205.306 Cost sharing or Matching

(a) Shared costs or matching funds must meet the criteria of [2 C.F.R. § 200.306\(b\)](#), with the exception of 2 C.F.R. § 200.306(b)(5). Federal funds from other agencies may be used as match or cost sharing as authorized by 42 U.S.C. 12571(e) under the national service laws.

§ 2205.307 Program Income

(a) Program income for programs funded under subtitle C of the National and Community Service Act of 1990, as amended, shall be used in accordance with [45 CFR § 2520.55](#).

§ 2205.332 Fixed amount subawards

(a) Fixed amount subawards may be made in the manner and in amounts determined under the national service laws, as authorized by the Corporation, without respect to the Simplified Acquisition Threshold.

§ 2205.414 Indirect (F&A) costs

(a) Administrative costs for programs funded under subtitles B and C of the National and Community Service Act of 1990, as amended, shall be subject to [45 CFR §§ 2521.95](#) and [2540.110](#).

Department of Agriculture

§415.1 Competition in the awarding of discretionary grants and cooperative agreements.

(a) Standards for competition. Except as provided in paragraph (d) of this section, awarding agencies shall enter into discretionary grants and cooperative agreements only after competition. An awarding agency's competitive award process shall adhere to the following standards:

(1) Potential applicants must be invited to submit proposals through publications such as the Federal Register, OMB-designated governmentwide Web site as described in [2 CFR 200.203](#), professional trade journals, agency or program handbooks, the Catalog of Federal Domestic Assistance, or any other appropriate means of solicitation. In so doing, awarding agencies should consider the broadest dissemination of project solicitations in order to reach the highest number of potential applicants.

(2) Proposals are to be evaluated objectively by independent reviewers in accordance with written criteria set forth by the awarding agency. Reviewers should make written comments, as appropriate, on each application. Independent reviewers may be from the private sector, another agency, or within the awarding agency, as long as they do not include anyone who has approval authority for the applications being reviewed or anyone who might appear to have a conflict of interest in the role of reviewer of applications. A conflict of interest might arise when the reviewer or the reviewer's immediate family members have been associated with the applicant or applicant organization within the past two years as an owner, partner, officer, director, employee, or consultant; has any financial interest in the applicant or applicant organization; or is negotiating for, or has any arrangement, concerning prospective employment.

(3) An unsolicited application, which is not unique and innovative, shall be competed under the project solicitation it comes closest to fitting. Awarding agency officials will determine the solicitation under which the application is to be evaluated. When the awarding agency official decides that the unsolicited application does not fall under a recent, current, or planned solicitation, a noncompetitive award may be made, if appropriate to do so under the criteria of this section. Otherwise, the application should be returned to the applicant.

(b) Project solicitations. A project solicitation by the awarding agency shall include or reference the following, as appropriate:

(1) A description of the eligible activities which the awarding agency proposes to support and the program priorities;

(2) Eligible applicants;

(3) The dates and amounts of funds expected to be available for awards;

(4) Evaluation criteria and weights, if appropriate, assigned to each;

(5) Methods for evaluating and ranking applications;

(6) Name and address where proposals should be mailed or emailed and submission deadline(s);

(7) Any required forms and how to obtain them;

(8) Applicable cost principles and administrative requirements;

(9) Type of funding instrument intended to be used (grant or cooperative agreement); and

(10) The Catalog of Federal Domestic Assistance number and title.

(c) Approval of applications. The final decision to award is at the discretion of the awarding/approving official in each agency. The awarding/approving official shall consider the ranking, comments, and recommendations from the independent review group, and any other pertinent information before deciding which applications to approve and their order of approval. Any appeals by applicants regarding the award decision shall be handled by the awarding agency using existing agency appeal procedures or good administrative practice and sound business judgment.

(d) Exceptions. The awarding/approving official may make a determination in writing that competition is not deemed appropriate for a particular transaction. Such determination shall be limited to transactions where it can be adequately justified that a noncompetitive award is in the best interest of the Government and necessary to the accomplishment of the goals of the program. Reasons for considering noncompetitive awards may include, but are not necessarily limited to, the following:

(1) Nonmonetary awards of property or services;

- (2) Awards of less than \$75,000;
- (3) Awards to fund continuing work already started under a previous award;
- (4) Awards which cannot be delayed due to an emergency or a substantial danger to health or safety;
- (5) Awards when it is impracticable to secure competition; or
- (6) Awards to fund unique and innovative unsolicited applications.

State means any of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, and the U.S. Virgin Islands.

3. Title 2 of the Code of Federal Regulations is being amended by adding Part 416 as follows:

CHAPTER IV

Part 416– General Program Administrative Regulations for Grants and Cooperative Agreements to State and Local Governments

Authority: 5 U.S.C. 301.

Part 416 – General Program Administrative Regulations for Grants and Cooperative Agreements to State and Local Governments

§416.1 Special Procurement Provisions

(a) In order to ensure objective contractor performance and eliminate unfair competitive advantage, a prospective contractor that develops or drafts specifications, requirements, statements of work, invitations for bids, request for proposals, contract term and

conditions or other documents for use by a State in conducting a procurement under the USDA entitlement programs specified in [2 CFR section 200.101](#)(e)(4) through (6) shall be excluded from competing for such procurements. Such prospective contractors are ineligible for contract awards resulting from such procurements regardless of the procurement method used. However, prospective contractors may provide States with specification information related to a State procurement under the USDA entitlement programs specified in 2 CFR section 200.101(e)(4) through (6) and still compete for the procurement if the State, and not the prospective contractor, develops or drafts the specifications, requirements, statements of work, invitations for bid, and/or requests for proposals used to conduct the procurement.

(b) Procurements by States under USDA entitlement programs specified in 2 CFR section 200.101(e)(4) through (6) shall be conducted in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographic preferences except as provided for in [2 CFR section 200.319](#)(b).

Department of Defense

§1103.100 Applicability of 2 CFR part 200 to requirements for recipients in DoD Components' terms and conditions

Effective December 26, 2014, and on an interim basis pending update of the DoD Grant and Agreement Regulations to implement Office of Management and Budget (OMB) guidance published in 2 CFR part 200:

(a) The guidance in 2 CFR part 200 as modified and supplemented by provisions of Subpart B of this part governs the administrative requirements, cost principles, and audit requirements to be included in terms and conditions of DoD Components' new grant and cooperative agreement awards to:

(1) Institutions of higher education, hospitals, and other nonprofit organizations included in the definition of “recipient” in part 32 of the DoD Grant and Agreement Regulations ([32 CFR part 32](#)).

(2) States, local governments, and Indian tribal governments.

(b) The following class deviations from selected provisions of the DoD Grant and Agreement Regulations therefore are approved for DoD Components’ new grant and cooperative agreement awards made on or after December 26, 2014:

(1) Awards to institutions of higher education, hospitals, and other nonprofit organizations included in the definition of “recipient” in part 32 of the DoD Grant and Agreement Regulations (32 CFR part 32) are not subject to the administrative requirements, cost principles, and audit requirements specified in 32 CFR part 32.

(2) Awards to States, local governments, and Indian tribal governments are not subject to the administrative requirements, cost principles, and audit requirements specified in part 33 of the DoD Grant and Agreement Regulations (32 CFR part 33).

(3) References in other parts of the DoD Grant and Agreement Regulations that cite part 32 or part 33 as the source of administrative requirements, cost principles, and audit requirements for awards to the types of recipient entities described in paragraphs (b)(1) and (2) of this section therefore do not apply to those new awards.

(c) Provisions of the DoD Grant and Agreement Regulations other than those listed in paragraph (b) of this section continue to be in effect, with applicability as stated in those provisions.

Subpart B-Pre-existing Policies Continuing in Effect During Interim Implementation

§1103.200 Exception for small awards

For small awards to institutions of higher education, hospitals, and other nonprofit organizations, DoD Components' terms and conditions may apply less restrictive requirements to recipients than the OMB guidance in 2 CFR part 200 specifies, except for requirements that are statutory. This exception maintains long-standing policy established in [32 CFR 32.4](#).

§1103.205 Timing of payments made using the reimbursement method

In DoD Components' awards to institutions of higher education, hospitals, and other nonprofit organizations, the terms and conditions implementing the provisions of [2 CFR 200.305\(b\)\(3\)](#) concerning timing of payments when the reimbursement method is used must specify that the DoD payment office generally makes payment within 30 calendar days after receipt of the request for reimbursement by the office designated to receive the request, unless the request is reasonably believed to be improper. This substitution of "generally makes payment" for "must make payment" maintains long-standing policy established in [32 CFR 32.22\(e\)\(1\)](#).

§1103.210 Management of federally owned property for which a recipient is accountable

In award terms and conditions implementing the guidance in [2 CFR 200.313\(d\)](#) on procedural requirements for a recipient's equipment management system, DoD Components must:

(a) For any award to an institution of higher education, hospital, or other nonprofit organization, broaden the requirements of paragraph 200.313(d) to also apply to any federally owned property for which the recipient is accountable under its award. Doing so maintains long-standing policy established in [32 CFR 32.34\(f\)](#).

(b) For any award to a State, local government, or Indian tribal government (as defined in [32 CFR part 33](#)), specify that the recipient must manage federally owned equipment in accordance with the DoD Components' rules and procedures. Doing so maintains long-standing policy established in paragraph [33.32\(f\)](#) of 32 CFR part 33.

§1103.215 Intangible property developed or produced under an award or subaward

In DoD Components' awards to institutions of higher education, hospitals, and other nonprofit organizations, the award terms and conditions implementing the guidance in [2 CFR 200.315\(a\)](#) on intangible property must exclude intangible property developed or produced under an award or subaward. Doing so maintains long-standing policy established in [32 CFR 32.36\(e\)](#).

§1103.220 Debarment and suspension requirements related to recipients' procurements

In award terms and conditions implementing the guidance in [2 CFR 200.318\(h\)](#) on awarding contracts only to responsible entities, DoD Components must require recipients to comply with DoD's implementation in [2 CFR part 1125](#) of OMB guidance on nonprocurement debarment and suspension ([2 CFR part 180](#)). Doing so maintains long-standing policy established in those two parts of 2 CFR and in [32 CFR 32.44\(d\)](#), as well as compliance with Executive Orders 12549 and 12689.

§1103.225 Debt collection

In award terms and conditions implementing the guidance in [2 CFR 200.345](#) on collection of amounts due, DoD Components must inform recipients that DoD post-award administration offices follow procedures set forth in [32 CFR 22.820](#) for issuing demands for payment and transferring debts for collection, and that a recipient will be informed about specific procedures and timeframes affecting it through the written notices of grants officers' decisions and demands for payment. Doing so maintains long-standing policy established in [32 CFR 32.73\(c\)](#).

Department of Education

§3474.5 How exceptions are made to 2 CFR part 200

(a) With the exception of [Subpart F](#)—Audit Requirements of 2 CFR part 200, the Secretary of Education, after consultation with OMB, may allow exceptions for classes of Federal awards or non-Federal entities subject to the requirements of this part when exceptions are not prohibited by statute. However, in the interest of maximum uniformity, exceptions from the requirements of this part will be permitted only in unusual circumstances.

(b) Exceptions for classes of Federal awards or non-Federal entities will be published on the OMB Web site at www.whitehouse.gov/omb.

(Authority: 20 U.S.C. 1221e-3, 3474, and 2 CFR part 200)

§3474.10 Clarification regarding 2 CFR 200.207

The Secretary or a pass-through entity may, in appropriate circumstances, designate the specific conditions established under [2 CFR §200.207](#) as "high-risk conditions" and designate a non-Federal entity subject to specific conditions established under §200.207 as "high-risk".

(Authority: 20 U.S.C. 1221e-3, 3474, and 2 CFR part 200)

Department of Energy

§ 910.122 Applicability

(a) For DOE, unless otherwise noted in Part 910, the definition of Non-Federal entity found in 200.69 is expanded to include for-profit organizations in addition to states, local governments, Indian tribes, institutions of higher education (IHE), and nonprofit organizations.

(b) A for-profit organization is defined as one that distributes any profit not reinvested into the business as profit or dividends to its employees or shareholders.

§ 910.130 Cost sharing (EPACT)

In addition to the requirements of [2 CFR 200.306](#) the following requirements apply to research, development, demonstration and commercial application activities:

(a) Cost sharing is required for most financial assistance awards for research, development, demonstration and commercial applications activities initiated after the enactment of the Energy Policy Act of 2005 on August 8, 2005. This requirement does not apply to:

(1) An award under the small business innovation research program (SBIR) or the small business technology transfer program (STTR); or

(2) A program with cost sharing requirements defined by other than Section 988 of the Energy Policy Act of 2005 including other sections of the 2005 Act and the Energy Policy Act of 1992.

(b) A cost share of at least 20 percent of the cost of the activity is required for research and development except where:

(1) A research or development activity of a basic or fundamental nature has been excluded by an appropriate officer of DOE, generally an Under Secretary; or

(2) The Secretary has determined it is necessary and appropriate to reduce or eliminate the cost sharing requirement for a research and development activity of an applied nature.

(c) A cost share of at least 50 percent of the cost of a demonstration or commercial application activity is required unless the Secretary has determined it is necessary and appropriate to reduce the cost sharing requirements, taking into consideration any technological risk relating to the activity.

(d) Cost share shall be provided by non-Federal funds unless otherwise authorized by statute.

In calculating the amount of the non-Federal contribution:

(1) Base the non-Federal contribution on total project costs, including the cost of work where funds are provided directly to a partner, consortium member or subrecipient, such as a Federally Funded Research and Development Center;

(2) Include the following costs as allowable in accordance with the applicable cost principles:

(i) Cash;

(ii) Personnel costs;

(iii) The value of a service, other resource, or third party in-kind contribution determined in accordance with [Subpart E – Cost Principles-](#) of 2 CFR 200. For recipients that are for-profit organizations as defined by [2 CFR 910.122](#), the Cost Principles which apply are contained in [48 CFR 31.2](#). See [910.352](#) for further information. ;

(iv) Indirect costs or facilities and administrative costs; and/or

Expenses more than 90 calendar days pre-award require prior approval of EPA. All costs incurred before EPA makes the award are at the recipient's risk. EPA is under no obligation to reimburse such costs if for any reason the recipient does not receive a Federal award or if the Federal award is less than anticipated and inadequate to cover such costs.

Procurement Standards

§1500.9 General Procurement Standards

This limitation applies to consultation services of designated individuals with specialized skills who are paid at a daily or hourly rate. This rate does not include transportation and subsistence costs for travel performed; recipients will pay these in accordance with their normal travel reimbursement practices. Contracts with firms for services which are awarded using the procurement standards in Subpart D of 2 CFR Part 200 are not affected by this limitation.

(b) Subawards with firms for services which are awarded using the procurement standards in [2 CFR Part 200.317](#) through [2 CFR Part 200.326](#) are not affected by this limitation.

§1500.10 Use of the same architect or engineer during construction

(a) If the recipient is satisfied with the qualifications and performance of the architect or engineer who provided any or all of the facilities planning or design services for a waste-water treatment works project and wishes to retain that firm or individual during construction of the project, it may do so without further public notice and evaluation of qualifications, provided:

(1) The recipient received a facilities planning (Step 1) or design grant (Step 2), and selected the architect or engineer in accordance with EPA's procurement regulations in effect when EPA awarded the grant; or

(2) The award official approves noncompetitive procurement under [2 CFR Part 200.320\(f\)](#) for reasons other than simply using the same individual or firm that provided facilities planning or design services for the project; or

(3) The recipient attests that:

(i) The initial request for proposals clearly stated the possibility that the firm or individual selected could be awarded a subaward for services during construction; and

(ii) The firm or individual was selected for facilities planning or design services in accordance with procedures specified in this section.

(iii) No employee, officer or agent of the recipient, any member of their immediate families, or their partners have financial or other interest in the firm selected for award; and

(iv) None of the recipient's officers, employees or agents solicited or accepted gratuities, favors or anything of monetary value from contractors or other parties to subawards.

(b) However, if the recipient uses the procedures in paragraph [2 CFR 1500.10](#) (a) of this section to retain an architect or engineer, any Step 3 subawards between the architect or engineer and the grantee must meet all of the other procurement provisions in [2 CFR Part 200.317](#) through [2 CFR Part 200.326](#).

National Aeronautics and Space Administration

§1800.3 Applicability

(a) This part establishes policies and procedures for grants and cooperative agreements awarded by NASA to non-Federal entities, commercial firms (when cost sharing is not required), and foreign organizations as allowed by [2 CFR 200.101](#) Applicability.

(b) Throughout this Part, the term “grant” includes “cooperative agreement” unless otherwise indicated.

(c) When commercial firms are required to provide cost sharing pursuant to [2 CFR 200.306](#), Cost Sharing, the terms and conditions of [14 CFR Part 1274](#) apply.

(d)(1) In general, research with foreign organizations will not be conducted through grants, but instead will be accomplished on a no-exchange-of-funds basis. In these cases, NASA enters into agreements undertaking projects of international scientific collaboration. NASA policy on performing research with foreign organizations on a no-exchange-of-funds basis is set forth at NASA FAR Supplement (NFS) 1835.016-70. In rare instances, NASA may enter into an international agreement under which funds will be transferred to a foreign recipient.

(2) Grants to foreign organizations are made on an exceptional basis only. Awards require the prior approval of the Headquarters Office of International and Interagency Relations and the Headquarters Office of the General Counsel. Requests to award grants to foreign organizations are to be coordinated through the Office of Procurement, Program Operations Division.

(3) The requirements of this section do not apply to the purchase of supplies or services from non-U.S. sources by grant to U.S. recipients, when necessary to support research efforts.

§1800.315 Intangible property

(f) Due to the substantial involvement on the part of NASA under a cooperative agreement, intellectual property may be produced by Federal employees and NASA contractors tasked to perform NASA assigned activities. Title to intellectual property created under the cooperative agreement by NASA or its contractors will initially vest with the creating party. Certain rights may be exchanged with the recipient.

National Archives and Records Administration

§2600.101 Indirect costs exception to 2 CFR 200.414

As approved by the Archivist of the United States, the National Archives does not permit grant recipients to use allocated funds from NARA or NHPRC for indirect costs. Grant recipients may use cost sharing to cover indirect costs instead. NARA's policies on indirect costs are located at <http://www.archives.gov/nhprc>, and are included in grant opportunity announcements.

§2701.74 Pass-through entity

SBA will only make awards to pass-through entities where expressly authorized by statute.

§2701.92 Subaward

SBA will only permit pass-through entities to make awards to subrecipients where expressly authorized by statute.

§2701.93 Subrecipient

SBA will only permit non-Federal entities to receive subawards where expressly authorized by statute.

§2701.414 Indirect (F&A) Costs

(a) When determining whether a deviation from a negotiated indirect cost rate is justified, SBA will consider the following factors:

(1) The degree to which a non-Federal entity has been able to defray its overhead expenses via those indirect costs it has recovered under other, concurrent SBA awards;

(2) The amount of funding that must be devoted to conducting program activities in order for a project to result in meaningful outcomes; and

(3) The amount of project funds that will remain available for conducting program activities after a negotiated rate is applied.

(b) After conducting the analysis required in paragraph (a) above, the head of each SBA grant program office will determine in writing whether there is sufficient justification to deviate from a negotiated indirect cost rate.

(c) Where SBA determines that deviation from a negotiated rate is justified, it will provide a copy of that determination to OMB and will inform potential applicants of the deviation in the corresponding funding announcement.

§2701.503 Relation to other audit requirements

Non-Federal entities that are not subject to the requirements of the Single Audit Act and that are performing projects under SBA awards will be required to submit copies of their audited financial statements for their most recently completed fiscal year. Costs associated with the auditing of a non-Federal entity's financial statements may be included in its negotiations for an indirect cost rate agreement in accordance with [2 CFR 200.425](#).
